September 2002

Undergraduate Mathematics Teaching Conference: 2-5 Sept, Birmingham. Details from info@umtc.ac.uk

International Conference of the Royal Statistical Society: 3-6 Sept, Plymouth. Details RSS2002@plymouth.ac.uk

Induction course for new lecturers: 5-6 Sept, Birmingham. This course is aimed at academic staff who have started teaching mathematics in UK higher education institutions within the last three years, whether they are new graduates or coming from industry or from outside the UK. In the past, attendance has been recognised as contributing towards introductory institutional programme in learning and teaching for new staff (certificated or otherwise). Details from info@mathstore.ac.uk

ALT-C 2002: 9-11 Sept, Sunderland. Annual Conference of the Association of Learning Technology with the theme Learning Technologies for Communication.

Mathcad training: 18-19 Sept, Training Course: Getting the most out of Mathcad, £295 for one day, £575 for both days (prices exclude VAT)

The Humanistic Renaissance in Mathematics Education: 20-25 Sept, Sicily. International conference organised by *Mathematics Education into the 21st Century Project*

October 2002

ICTCM 2002: 31 Oct to 3 Nov, Florida. 15th annual international conference on Technology in Collegiate Mathematics

December 2002

BASS: 9-13 Dec, Savannah, Georgia. 9th Annual Biopharmaceutical Applied Statistics Symposium

ATCM-7: 17-21 Dec, Malaysia. 7th Asian Technology Conference in Mathematics

February 2003

AMAM 2003: 10-13 Feb, Nice. Applied Mathematics and Applications of Mathematics - first joint conference of the European Mathematical Society and the French societies SMF and SMAI

MKM 2003: 16-18 Feb, University of Bologna, Second International Conference on Mathematical Knowledge Management

March 2003

LTSN Annual Conference: 5-6 March, Coventry

April 2003

MEE 2003: 1-3 April, Loughborough University. The fourth IMA conference on the Mathematical Education of Engineers will include a pre-conference morning workshop from the LTSN MathsTEAM. See ad on page 52 for full details

BAMC 2003: 7-10 April, Southampton. British Applied Mathematics Colloquium

BMC 2003: 7-10 April, Birmingham. British Mathematical Colloquium

HoDoMS conference: 10-11 April, University of Greenwich

Mathematical Association Annual Conference: 12-15 April, University of East Anglia

June 2003

ITEM: 20-22 June, Reims, France. European Congress on Integrating Technologies into Mathematics Education, Information and Communication Technologies in Mathematics Teaching and Learning and in Teacher Professional Development

3rd CAME Symposium: 23-24 June Reims, 2003, following ITEM. The theme of the symposium is Learning in the CAS environment: effects on habits of mind, curriculum and assessment

July 2003

IMS 2003: 7-11 July, Imperial College London. The International Mathematica Symposium 2003 with optional pre- and post-conference training sessions organised by Wolfram Research. If you use Mathematica in research or with students, or if you have developed or are developing products based on Mathematica, then the Symposium is an opportunity to share your results with like-minded colleagues. The closing date for abstracts is 15 Nov.

ICIAM 2003: 7-11 July, Sydney. The fifth International Congress in Industrial and Applied Mathematics

July 2004

ICME-10: 4-11 July 2004, Copenhagen. 10th International Conference on Mathematical Education
