

MSOR Connections

Vol 2 No 3 August 2002

Published quarterly by the LTSN
Maths, Stats & OR Network.

The Network is supported by the
four higher education funding
bodies in England, Scotland,
Wales and Northern Ireland.

The newsletter is available free of
charge to academics in UK
higher education institutions. For
those outwith this sector, a paid
subscription scheme exists.
Contact the Network for details.

Contributions are invited - please
contact the editors.
Advertisements and inserts can
also be accepted - see page 81

The articles and reviews from this
newsletter will shortly be
published on the Network's Web
site. Many other resources can
be viewed at
<http://ltsn.mathstore.ac.uk/>
for Mathematics, and
<http://mathstore.gla.ac.uk>
<http://science.ntu.ac.uk/rsscse/>
for Statistics

ISSN 1473-4869

Maths, Stats & OR Network

Welcome to the August 2002 edition of *MSOR Connections*, a newsletter for those involved in teaching mathematics, statistics or operational research in higher education. We hope you will use this newsletter to share information and expertise with other practitioners, especially by contributing to our regular features *Have you seen this?* and *Something that worked for me...*

Overleaf you will find a report of recent activities and plans for the next few months. This bumper issue includes articles on the enhancement of student learning, a range of case studies using learning technology, reviews of books and software, and accounts of recent workshops and conferences, focusing on the Flexible Learning workshop held recently at the Open University.

If you have any questions about our activities, need information about the Network or would like to order any of our publications, please contact our administrator Jenny Nolan at the Birmingham site, telephone 0121 414 7095, or email info@mathstore.ac.uk

Contents

Recent activities, plans for the future and funded projects	2
Have you seen this?/Something that worked for me	5
Setting the Scene: understanding student backgrounds	8
Using Projects to enable Reflective Learning	10
MathGate Report	12
Mathematical and Statistical Support Service at South Bank University	13
MathML - cleared for take off	16
Using QM Perception v3 for testing mathematics	19
Implementation of the Kid Krypto Concept	23
Engineering Teaching via MAPLE	26
Interactive Excel Investigations in Management Mathematics	29
Review of CalculationCenter 2	33
Leibniz: A word processor with mathematical intelligence?	36
Review of LiveMath 3.5	40
E-learning by Accident	43
Review of FELIPE version 3	44
Book Reviews:	48
Handbook of Mathematical Discourse / Multivariate Calculus 2nd ed	
Advanced Engineering Maths / Elementary Linear Algebra	
Workshop and Conference Reports:	54
Assessment workshop / Maths support / ILTAC 2002 / 6th CAA Conference	
Statistics in Higher Education / Flexible Learning in Statistics	
Flexible Learning: Tutorial Tennis	62
Using distance learning technology for an MSc in Epidemiology	65
The Sheffield Statistics MSc goes DL	69
Distance Teaching of Statistics to Undergraduates at the OU	76
Java Applications for Teaching Statistics	78
Techwatch/Diary	82
