

MSOR Connections

Vol 1 No 1 February 2001

Published quarterly by the LTSN
Maths, Stats & OR Network.

The Network, based at the universities of Birmingham (lead site), Glasgow and Nottingham Trent, is supported by the four higher education funding bodies in England, Scotland, Wales and Northern Ireland.

The newsletter is available free of charge to academics in UK higher education institutions. For those outwith this sector, a paid subscription scheme exists. Contact the Network for details.

Contributions are invited - please contact the editors. Advertisements and inserts can also be accepted - see p19.

The articles and reviews from this newsletter will shortly be published on the Network's Web site. Many other resources can be viewed at
<http://ltsn.mathstore.ac.uk/>
for Mathematics, and
<http://www.ltsn.gla.ac.uk>
<http://science.ntu.ac.uk/rsscse/>
for Statistics

ISSN 1473-4869

Maths, Stats & OR Network

Welcome to the first edition of *MSOR Connections*, a newsletter for members of the LTSN Maths, Stats & OR Network and anyone involved in teaching these disciplines in higher education. Please let us have the names of colleagues who might like to be added to our mailing list, particularly any involved in teaching Operational Research.

We hope you will use this newsletter to share information and expertise with other practitioners. As well as articles and reviews of learning and teaching resources, we are introducing columns of short contributions. For example, the column *Have you seen this?* will contain pointers to interesting journal articles. Please write about something you have read recently for this column. We would also welcome any comments or feedback you may have on the layout and content of the newsletter for a *Readers' Letters* column.

Overleaf you will find a report of recent activities and plans for the next few months. Full details of events will also be published on our Web site, and we would like to highlight our own workshops on 4 April, 3 May and 30 May as well as two relevant conferences: BCME on 5-7 July and UMTC on 3-6 September.

If you have any questions about our activities, or need information about the Network, please contact our administrator Jenny Nolan at the Birmingham site, telephone 0121 414 7095, or email info@mathstore.ac.uk

Jenny Nolan

Contents of this issue

Recent activities and plans for the near future	2
Feedback from Stats/OR workshops	3
Inter-institutional collaboration on Easing the Transition to University	5
Getting Students to Create Boundary Examples	9
Have you seen this? (new column)	13
Book Reviews: <i>Fundamentals of teaching maths at university level/</i> <i>Engineering Statistics/Design and Analysis/MATLAB Guide</i>	14
MathinSite: Java Maths on the Web	17
Converting STEPS to the Web	20
The R project in statistical computing	23
Courseware Reviews: <i>Calculus&Mathematica</i> <i>Calculus Live - Single Variable</i>	26 30
CD Review: <i>Raising Public Awareness of Mathematics</i>	34
Conference reports: MathML and ICTCM	36 and 40
Announcements: <i>New research project/MathGate update/</i> <i>Courseware News/Diary</i>	42
