

MSOR Connections

Vol 3 No 1 February 2003

Published quarterly by the LTSN
Maths, Stats & OR Network.

The Network is supported by the
four higher education funding
bodies in England, Scotland,
Wales and Northern Ireland.

The newsletter is available free of
charge to academics in UK
higher education institutions. For
those outwith this sector, a paid
subscription scheme exists.
Contact the Network for details.

Contributions are invited - please
contact the editors.
Advertisements and inserts can
also be accepted - see page 46.

The articles and reviews from this
newsletter will shortly be
published on the Network's Web
site. Many other resources can
be viewed at
<http://ltsn.mathstore.ac.uk/>
for Mathematics, and
<http://mathstore.gla.ac.uk>
<http://science.ntu.ac.uk/rsscse/>
for Statistics

ISSN 1473-4869

Maths, Stats & OR Network

Welcome to the February 2003 edition of *MSOR Connections*, a newsletter for those involved in teaching mathematics, statistics or operational research in higher education. We hope you will use this newsletter to share information and expertise with other practitioners, especially by contributing to our regular features *Have you seen this?* and *Something that worked for me...*

We were delighted to hear that our assessment consultant Professor Cliff Beevers (pictured) was awarded an OBE in the New Year Honours list for services to mathematics education. Cliff edits our monthly series on CAA in maths - see page 30.

Overleaf you will find a report of recent activities and plans for the next few months. These include a number of workshops and contributions within the Easter conferences, and we hope to meet up with you at one or more of these. On later pages there are reports from teaching and learning projects, accounts of approaches relevant to widening participation and each year of the undergraduate experience, reviews of books and courseware, and the report from our Swansea workshop.

If you have any questions about our activities, need information about the Network or would like to order any of our publications, please contact our administrator Jenny Nolan at the Birmingham site, telephone 0121 414 7095, or email info@mathstore.ac.uk

Contents

Have you seen this?	4
Day Break Programme/Teaching Ideas	5
Accounts of the new FDTL4 projects	7
Widening Participation case studies	11
Matching first year curriculum to student profile	13
Making Lectures Interactive	18
Industrially Based Group Projects	20
Key Skills in Pure Mathematics modules using ICT	23
Teaching Statistics – What's in it for You	28
OpenCourseWare – a Free Lunch from MIT?	31
TechWatch and DDA news	36
Comparative review of ActivStats, CyberStats and MM*Stat	37
Review of Teach Me/Data Analysis	43
Review of Maplets under Maple 8	47
Book reviews: Effective learning and teaching; Calculus 2ed; Calculator Statistics and Calculator Calculus; Foundations of Statistics with SAS; Business Research Methods	49
Report: Swansea workshop on Maths support Diary	57 60
