

MSOR Connections

Vol 1 No 2 May 2001

Published quarterly by the LTSN
Maths, Stats & OR Network.

The Network is supported by the
four higher education funding
bodies in England, Scotland,
Wales and Northern Ireland.

The newsletter is available free of
charge to academics in UK
higher education institutions. For
those outwith this sector, a paid
subscription scheme exists.
Contact the Network for details.

Contributions are invited - please
contact the editors.
Advertisements and inserts can
also be accepted - see p6

The articles and reviews from this
newsletter will shortly be
published on the Network's Web
site. Many other resources can
be viewed at
<http://ltsn.mathstore.ac.uk/>
for Mathematics, and
<http://www.ltsn.gla.ac.uk>
<http://science.ntu.ac.uk/rsscse/>
for Statistics

ISSN 1473-4869

Maths, Stats & OR Network

Welcome to the second edition of *MSOR Connections*, a newsletter for people involved in teaching mathematics, statistics or operational research in higher education. If you know anyone who might like to be added to our mailing list, particularly from the Operational Research community, please let us know.

We hope you will use this newsletter to share information and expertise with other practitioners, especially by contributing to our regular features *Have you seen this?* and *Something that worked for me*. We would also welcome any comments or feedback you may have on the layout and content of the newsletter for a *Readers' Letters* column.

Overleaf you will find a report of recent activities and plans for the next few months. Full details of events appear on our Web site, and we would like to highlight our Curriculum 2000 briefing day on 11 June and an induction day for lecturers new to teaching in UK departments on 3 September, immediately prior to the Undergraduate Mathematics Teaching conference.

There is a wealth of information about other projects and resources in this issue, relating to service teaching, numeric datasets, research in online learning and assessment and Internet tutorials. We also have the usual section on book and courseware reviews.

If you have any questions about our activities, or need information about the Network, please contact our administrator Jenny Nolan at the Birmingham site, telephone 0121 414 7095, or email info@mathstore.ac.uk

Contents of this issue

Recent activities and plans for the near future	2
Searchable resource database on the Web	3
Something that worked for me..	4
Have you seen this?	5
A New Way to teach Statistics to Engineers	7
Using a Theory of Learning in College Mathematics Courses	10
Linking research and teaching through ICT	15
Following up QAA subject assessments for non-mathematicians	17
Investigating the Use of Numeric Datasets in Learning and Teaching	21
Internet Mathematician	26
Introducing SCROLLA: On-Line Learning and Assessment	27
Book reviews: <i>Topology of Surfaces, Knots and Manifolds/Applied Stochastic Modelling/Introduction to Statistical Quality Control</i>	28
Review of Mathcad 2001	31
Review of Mathematica 4.1	35
Some suggestions for the future development of MINITAB	38
Courseware News; Announcements; Diary	42
