

MSOR Connections

Vol 3 No 2 May 2003

Published quarterly by the LTSN
Maths, Stats & OR Network.

The Network is supported by the
four higher education funding
bodies in England, Scotland,
Wales and Northern Ireland.

The newsletter is available free of
charge to academics in UK
higher education institutions. For
those outwith this sector, a paid
subscription scheme exists.
Contact the Network for details.

Contributions are invited - please
contact the editors.
Advertisements and inserts can
also be accepted - see page 23.

The articles and reviews from this
newsletter will shortly be
published on the Network's Web
site. Many other resources can
be viewed at
<http://ltsn.mathstore.ac.uk/>
for Mathematics, and
<http://mathstore.gla.ac.uk>
<http://science.ntu.ac.uk/rsscse/>
for Statistics

Maths, Stats & OR Network

Welcome to the May 2003 edition of *MSOR Connections*, a newsletter for those involved in teaching mathematics, statistics or operational research in higher education. We hope you will use this newsletter to share information and expertise with other practitioners, especially by contributing to our regular features *Have you seen this?* and *Something that worked for me...*

We are delighted to feature a special tribute to our assessment consultant Professor Cliff Beevers OBE (pictured). Cliff edits our monthly series on CAA in maths - see page 39. This edition also contains several substantial articles describing current practice in providing mathematics support, using personal response systems, assessing online, communicating maths and science and developing learning resources.

There are also contributions from two US academics, reviews of books and courseware, and reports from a Scottish conference and two workshops from the Advisory Committee on Mathematics Education.

If you have any questions about our activities, need information about the Network or would like to order any of our publications, please contact our administrator Jenny Nolan at the Birmingham site, telephone 0121 414 7095, or email info@mathstore.ac.uk

Contents

New booklets from the MathsTEAM project	2
Recent activities and future plans	3
Have you seen this? Syndication of our resource links ...	5
