HELM Triallists' Workshop: 23 Jun, Reading. The HELM project is developing mathematics learning resources in the form of Workbooks and web-delivered CAL segments whose potential is exploited by using CAA to drive student learning. The workshop will report on some of the semester one and two trials and also look towards planning final trialling at HEIs in 2004-05. Both existing and new triallists will be invited to take part. For further info, email helm@lboro.ac.uk or tel: 01509 227461.

The Future of Mathematics Education: 26 Jun – 1 Jul, Ciechocinek, Poland. The 7th international conference organised by the *Mathematics Education into the 21st Century* project.

4ecm: 27 Jun-2 Jul, Stockholm. 4th European Congress of Mathematics, organized by the Royal Institute of Technology in collaboration with Stockholm University, under the auspices of European Mathematical Society.

The learning and teaching conference 2004 29 Jun- 1 Jul, University of Hertfordshire. Formerly the ILTHE conference, it will focus on 'Delivering excellence'.

Jul 2004

ICME-10: 4-11 Jul, Copenhagen. The four-yearly International Conference on Mathematical Education.

IJCAR 04: 4-5 Jul, Cork, Ireland.- Computer-Supported Mathematical Theory Development. The aim of this workshop is to bring together people interested in the vision of fully integrated support environments for mathematics.

PME 28: 14-18 Jul, Bergen. Annual international conference in the Psychology of Mathematics Education.

TIME-2004: 15-18 Jul, Montreal. International Symposium on Technology and its Integration in Mathematics Education

Sep 2004

UMTC 2004 Undergraduate Mathematics Teaching Conference: 1-3 Sep. See page 13 for further details.

OR 46 annual conference: 7-9 Sep, York.

RSS 2004 The International Conference of the Royal Statistical Society: 7-10 Sep, Manchester. The theme is Connecting Practice With Research.

Third CabriGeometry International Conference: 9-12 Sep 2004, Rome, Italy. The Conference is dedicated to the teaching and learning of geometry through the use of dynamic geometry software.

ALT-C 2004: 14-16 Sep, Exeter. 11th International Conference of the Association for Learning Technology.

Maths, Stats & OR Network Induction Course for Lecturers New to Teaching Mathematics in UK HE: 16-17 Sep, Birmingham.

MKM 2004: Bialowieza, Poland 19-21 Sept, 3rd International Conference on Mathematical Knowledge Management, the intersection of mathematics and computer science.

Oct 2004

ICTCM 2004: 28-31 Oct, New Orleans. 17th Annual International conference on Technology in Collegiate Mathematics. Combines presentations, panels, calculator workshops, computer minicourses, professional development workshops.

Nov 2004

Maths, Stats & OR Network workshop - Maths for Computing: 17 Nov, Birmingham For some time engineering academics have spoken of "the maths problem" within their discipline. This one day event seeks to delineate the problem and search for solutions.

2005

BCME 2005: 30 Mar - 2 Apr 2005, venue to be announced. British Congress of Mathematical Education - see below.

Joint BMC and BAMC: 4-7 Apr 2005, Liverpool. Format of this meeting will be different from the first joint meeting, in that lectures on pure and applied mathematics will take place at the same time rather than on adjacent days.

ICTMA-12: 10-14 Jul 2005, London. International Conference on Mathematical Modelling and Applications

ICTMT-7: 26-29 Jul 2005, Bristol. International Conference on Technology in Mathematics Teaching

BCME 6 - A COMBINED CONFERENCE

Routes of Unity
University of Warwick
30th March to 2nd April 2005

In 2005 all the leading UK mathematical organisations unite in a single conference dedicated to mathematics education. Make your route to it!

To register interest in receiving further information on what is likely to be the **biggest ever mathematical education conference** held in this country, please make contact through either the website www.bcme6.org
